COMMUNITY SPORTS BAG SCHEME

Alton Town Council is offering a scheme to encourage families in Alton to come together and take part in a variety of sports in the Town's open spaces.

The Community Sports Bags will be available to hire for:
 £5.00 for 3 days/weekend (Fri pm - Mon am) or £10.00 for 7 Days per bag.
 Bookings require a £25.00 damage/loss refundable deposit and proof of ID and address.

All bags will include a Football, a Basketball, a Cricket Bat, Bean Bags, Bat & Ball, a pair of Hockey Sticks & Ball, Rounders Bat, Frisbee, Skipping Rope, a Velcro Mitt Catch Set. Additional equipment can be booked upon request including a Rainbow Parachute, Skittles, Rugby Ball and Netball.

Contact Alton Town Council to book:
 Town Hall, Market Square, Alton, GU34 1HD
 Tel: 01420 83986 or email events@alton.gov.uk
 Collection can be arranged from the Town Hall or Anstey Park.

Anstey Park Improvements Public Consultation

Alton Town Council Open Spaces Committee is currently considering a number of potential improvements to Anstey Park and is actively seeking your views so we can determine a timetable of works and fundraising for the most appropriate proposals.

The provision of any additional facilities will be dependent upon the successful approval of grant funding and it is anticipated that any solution would be provided at little or no direct cost to the taxpayer, except where matched funding is a requirement.

The Alton Town Council Corporate Strategy 2016-2020 states as a key objective:

“Develop and improve public spaces to produce inclusive facilities to give Altonians the best possible opportunities to pursue an active lifestyle at minimal direct cost.”

We would like to establish which of these proposed schemes may be supported by residents and also how many people might use them. There would be no charge to residents for community use of the facilities.

We are also assisting Alton Rugby Club in obtaining feedback on a proposed project to utilise two of the pitches on Digger’s Field for rugby to alleviate the amount of usage on the main Anstey Park which gets overused during the winter months. We are keen to keep Alton Rugby in Alton as currently a number of games have to be played at Bordon when the pitches are unplayable at Anstey Park.

Please take a few minutes to complete this consultation form and thank you for your time. This survey is open for responses from the 18th July to 5th September 2016. This can also be completed on line at: www.surveymonkey.co.uk/r/AnsteyPark

PROPOSAL 1 – REFURBISHMENT OF THE NETBALL COURTS:

1. Of the options presented, which solution do you support?
- Option 1: Refurbish the existing courts, replacing the fencing and resurfacing (Indicative cost £50,000)
 - Option 2: Refurbish the existing courts, resurfacing and enclosing the two courts with a perimeter fence and opening up the area to the side of the courts (where the ball wall is situated) to create a separate kick about area near the skate park for football and basketball. (Indicative cost £80,000)
 - Option 3: Neither

Existing Netball Courts.

Option 1 would see the current courts and fencing replaced in the same location.

Netball Courts as seen from the skate park.

Option 2 would open up this end of the courts by the ball wall to create an all-weather kick about area as well as the refurbishment of two netball courts.

Please give your reason(s) for supporting your choice of solution

.....

PROPOSAL 2 – CREATION OF A TRIM TRAIL:

Indicative image of a trim trail.

2. Do you support the installation of a trim trail around the perimeter at Anstey Park?
(Indicative cost £8,000 to £10,000)

- YES
- NO

Please give your reason(s) for supporting your choice of solution

.....

.....

PROPOSAL 3 – CREATION OF AN ALL-WEATHER ATHLETICS TRACK

3 Of the options presented, which solution do you support?

- Option 1: The creation of 1.2m width all-weather track around the perimeter of Anstey Park for walking, jogging and running.(indicative cost £80,000 for a 1km track)
- Option 2: The creation of a compact athletic facility comprising of a 60m straight of 4 lanes to be situated to the side of the football enclosure (indicative cost £70,000)
- Option 3: Neither

Please give your reason(s) for supporting your choice of solution
